We’ve got it! At MUS we want you to reach your full potential, so we have a ton of people, places, and programs to help you.

Your success is your responsibility. Your parents might contact your teacher — in your best interest, of course — but it is better for you to make the first move.

What if I have a learning disability?
If you have a psychological evaluation on file showing that you have a diagnosed learning disability, a counselor will meet with you and your parents. Together, you will develop a plan of action that may involve learning new strategies and techniques.

Students with a diagnosed learning disability are eligible to receive 50 percent extra time on semester exams. School counselors also assist with extended-time applications for ACT and College Board SAT.

Accommodations available to all students:
- Seating students according to visual and/or auditory needs
- Paired note-taking
- Copies of PowerPoint presentations before lectures (varies by teacher)
- Audiobooks (families may purchase)
- Teacher websites
- Varying instructional styles
- Test deferral policy to prevent a student from taking more than two tests per day

What if I want a private tutor?
We try to provide enough resources on campus so families do not have to hire outside tutors, and we encourage all students to take advantage of our resources first. But we understand the benefits of private tutoring for some students. If you need a reference for a tutor, please contact Director of Counseling Joe Abrahams, joe.abrahams@musowls.org or (901) 260-1408. Tutoring sessions must take place off campus and not during school hours.

Life got you down?
Life can be messy. Despite our best efforts, sometimes the stresses get to us. If you want help, please contact Director of Counseling Joe Abrahams at joe.abrahams@musowls.org or (901) 260-1408.
